## THE HISTORY

CARAVELAIR 🍗

#### 0 INNOVATION, ALWAYS

CARAVELAIR presents the LANGUEDOC, the first caravan with air-cushioned shock absorbers, thus establishing the brand as a market leader.

#### BAMBA: **YES TO MODERN INTERIORS!**

Back when velour fabrics and dark furniture were aplenty, CARAVELAIR revitalises the market by offering a range of light-coloured, lime-washed wood interiors and modern fabrics.

## CARAVELAIR 1992

🕿 Caravelair 🖃

Ο

ALOUETTE: FIRST GREAT SUCCESS

helicopter, Caravelair reuses the name and

The Alouette soon becomes a flagship line

whose offering expands over the years. An advertisement already boasts the weight of CARAVELAIR, as light as the price...

produces two caravan models in October

. 1962. They are an immediate success.

Following on from the success of the Alouette

1962

#### О

#### PALMA: THE FIRST LIGHTWEIGHT AND ECONOMICAL CARAVAN

To make caravans that are accessible to all budgets, CARAVELAIR invents a lightweight caravan (no need for a powerful car), that is also lighter in price, ideal for summer use.

1997

#### **ODYSSEA: CURVES AND ELEGANCE COME AS STANDARD**

CARAVELAIR stands out once again by replacing classic lounges in angled shapes with curved lounges fitted with contemporary furniture for interior design lovers.

## JEARAVELAIR

961

#### **FROM AIRCRAFT TO CARAVANS**

Sud Aviation, a French aircraft manufacturer, decides to diversify by building caravans and founds S.E.M.M.(Société européenne de matériel mobile) [European Society for Mobile Equipment] in Trignac in western France. A team is sent to the United States to study successful mass production techniques and shapes, which is where the strong American style of the logo and the first models come from. Known by most people for their bestselling 'Caravelle' plane, it's only natural that the caravan takes the name CARAVELAIR.

## BEHIND THE MYTH

## 1974

# TRIGANO

NEW ERA... IN ARDÈCHE!

TRIGANO acquires S.E.M.M. and sets up a new factory in Tournon-sur-Rhône in Ardèche, France. Two years later, the company has 800 employees and produces 10,000 CARAVELAIR units each year.

#### MOBILE CAR: « KNOWING HOW TO BREAK CODES »

Whilst the motorhome market continues to remain elitist, given the prices on offer, CARAVELAIR causes a sensation by offering a caravan that has the autonomy of a motorhome.

2024

« Innovation distinguishes between a leader and a follower » said Steve Jobs... and for decades CARAVELAIR has stood out because of its innovation, it's the only trait that will never change! However, for the rest, discover our new logo, new designs and even a new body colour never before seen on the caravan market.

#### SERENITY : LOFT-STYLE LIVING

To mark its 50th anniversary, CARAVELAIR is creating a sensation with this caravan which has all the hallmarks of a home. In addition to its design, SERENITY stands out thanks to its revolutionary pull-out refrigerator, XL Freeze, still used today (see page 21).

## 2019

 $\bigcirc$ 

#### IRP : EXCLUSIVE TECHNOLOGY

CARAVELAIR is once again a step ahead with a unique concept, offering enhanced insulation, improved durability and increased protection (see page 20).

## A NEW IDENTITY

Behind every CARAVELAIR model hides the Product & Design team, who work continuously to make our caravans better looking, more functional and come up with innovations that improve your quality of life when on holiday.

This year, our creative team put forward a new identity that pays homage to CARAVELAIR's exceptional heritage, which can be summed up in four words:

Innovation | Authenticity | Freedom | Togetherness

The freedom to fit into your lives whatever the destination...

To create this logo, the Product & Design team turned to the history of Caravelair with the aeroplane wing and lightweight holidays: one of the brand's promises since it was established, evoked by the sleekness of its new identity.

## MADE IN FRANCE WITH FRENCH EXPERTISE

Our caravans are designed and produced in TOURNON-SUR-RHÔNE in Ardèche, France, one of the largest manufacturing sites in Europe with a surface area equivalent to 33 FOOTBALL PITCHES and producing more than 5000 CARAVANS per year.

Our chassis, our cushions, our mattresses, and our furniture all come from specialist factories in France.

### TECHNOLOGY

#### UNIQUE MARKET EXPERTISE

All our caravans, from entry-level upward, are produced by means of an exclusive process, referred to as IRP.

#### **Better insulation**

XPS STYROFOAM<sup>™</sup> insulation, an extra-firm and stable hydrophobic foam offering excellent sound and heat insulation.

#### Improved resistance

An effective combination of wood/ composite which strengthens the framework of internal walls and floors, combining the durability of composite with the outstanding strength of solid wood.

#### Increased protection

Protection provided by a polyester skin, offering enhanced resistance to scratches, small impacts, loose chippings, hydrocarbons, UV light and general bad weather.

ΙΝΝΟΥΛΤΙΟΝ

#### **OUR COMFORT MATTRESSES**

### We offer different mattress thicknesses, depending on our ranges: 12cm, 15cm.

- 100% polyester.
- Thermo-regulated mattress.
- 300 g ticking.
- Anti-dust mite.
- Made in France.
- Made from foam that is not harmful to human health or the environment.
- Oeko-tex class 1: for a mattress cover with no harmful substances.

#### XL FREEZE REFRIGERATOR

At first glance, it's difficult to imagine that this large drawer is, in fact... a refrigerator with a surprising amount of space:

- Extra cold refrigerator with extra efficiency!
- Enjoy the same performance levels as those offered by domestic models.
- Guaranteed autonomy, even during stops.
- A unique, practical design.
- Perfectly integrated, the XL FREEZE provides 150 litres of storage space including 15 litres of freezer space thanks to its modular compartment.

### Рлскз

## PACKS ADAPTED TO YOUR REQUIREMENTS FOR YOUR COMFORT

#### SAFETY

- AKS 3004 stabiliser
- Shock absorbers
- Steel spare wheel

#### COSY

- External side door (100x40)
- Panoramic skylight (70x50)
- Premium mattress
- Door mosquito net
- Reading lights for adult bed

#### SHOWER

- Shower tray
- Hand-held shower head
- Shower curtain
- 50-litre water tank
- 30-litre waste water tank
- 5-litre water heater

- Trumavent blown air system
- Underfloor heating
- \* Pack available when heating option is chosen / Excluding 350..
- (1) Pack ARCTIC Exclusive : Floor heating, Combi 6E
- Electric step
- External TV socket
- Battery-ready
- Outside gas and water outlets
- Mains water connection

#### **TRUMA I-NET X**

## Control the heating and air conditioning from the application on your smartphone.

The Truma i-Net X is a central control unit that networks the Truma appliances in the caravan. The i-Net X can be used to control the Truma Combi heating and/or air conditioning remotely with a smartphone or tablet, wherever the user is, and can also check the gas level.

#### TRUMA COMBI 6E

This combines the heating and water heater functions in a single appliance.

The Truma Combi 6E is a powerful warm air heater (6000 W) with integrated hot water generator. It allows the heating to be run in gas mode, electricity mode, or combi mode. For use when stationary at the campsite, you can run the Combi heating with the 12 V transformer without using the onboard power supply.

#### Options Exclusive

#### TISSU CLOUD + EASY CLEAN

To match the lightness of your holidays, the CLOUD fabric is available as an option. To make it easy to detach, it is fitted with EASY CLEAN technology.
